# CAREERfair 2014

*A world of opportunities*

[www.lau.edu.lb](http://www.lau.edu.lb)

## *Dear Students and Alumni*

In its commitment to academic excellence, civic engagement, the education of the whole person, and the formation of leaders in a diverse world, LAU is an incubator of talent that can offer great opportunities to fulfill the recruitment requirements of Lebanese and International employers, hence a synergy of unequal strength.

The 2014 career fair will offer employment information and opportunities for LAU students who are seeking internships and part-time and summer employment, as well as career networking opportunities and employment information for LAU seniors and alumni who are seeking full-time employment. All LAU students and alumni are invited to meet employers, make contacts and apply for available positions.

Good luck to all participating companies, students and alumni in realizing dreams, and fulfilling desired objectives.

Mars Semaan, PHD  
Dean of Students  
Byblos Campus

## *Dear Students and Alumni*

Each year the Career Guidance welcomes dozens of high-profile local and international companies to campus for you to learn about the opportunities and options available in the job market. The Career Fair is a practical and effective venue to discover fitting jobs and internships, make new contacts, and learn more about different industries. Whether you're a sophomore or a graduate student, this fair is a great opportunity to learn about employers and job opportunities!

Throughout the day, you will have the chance to meet recruiters face-to-face, share your resumes and get tips and advice from industry professionals. This year, we are expecting over 45 preeminent national and international employers to participate in the Career Fair to network with students and alumni, and discuss internships and employment opportunities across a wide variety of fields.

Don't miss this opportunity.

Best regards,

Rana Sakr  
Career Guidance Officer  
Office of the Dean of Students  
Byblos Campus  
Extension:2350

## Career Fair Tips

The annual career fair organized by the Guidance office is designed to provide general career information and to help you develop contacts and find an internship, summer employment, or full-time job. Whether you're a sophomore or a graduate student, this fair is a great opportunity to learn about employers and job opportunities!

### Why attend the Career fair?

The career Fair will take place on Wednesday April 23rd, 2014, from 10 am till 4 pm at the LAU Byblos Campus.

This is a great opportunity to talk to numerous employers at one time and place. Some direct benefits of attending a career fair include:

- Learning more about specific industries, careers, and organizations.
- Talking to a company representative instead of just mailing in or submitting an on-line resume.
- Making a contact within the organization if you are interested in looking for a job, a summer internship or finding out more about a potential career, don't miss out!

### During the Career fair

Our Career fair is very popular, so expect hundreds of other students and alumnus to be present. This is why it is important to BE PREPARED to get the most out of attending a career fair.

- Have your resume ready: it is most important to have a resume that shows off your education, skills, and experiences.
- Be sure to have your resume critiqued by at least three people. Or check it out with your Career Guidance Officer.
- A chance to network and explore. This will help you to have some idea as to which organizations you want to approach.
- Be open-minded and flexible; you might be surprised at what you find.
- Use your time to collect valuable company information via conversation and distributed materials so that you can write a well informed cover letter stating your interest in an organization.
- Collect business cards and jot down a fact on the back to jog your memory when you write a follow-up letter.
- Bring your pertinent questions. Your questions will depend on your goals (career exploration vs. job search). Sample questions may include:
  - What qualities and background are you looking for in employees?
  - I am currently a sophomore, so I have some time to plan ahead, what courses would you recommend someone take before being hired as a (depends on your major)?
  - What is the application process for your organization?
  - Do you have a business card I can have for future reference and contact?

### After the Career fair: the follow-up

- It has been proven that with the proper follow-up, chances of getting the career in the company of your choice is multiplied!
- Keep track of those organizations and representatives with whom you spoke and you are interested to apply to.
- Send a thank you letter to those representatives you wish to pursue. In the letter, thank the recruiter for his/her time, restate your interest and qualifications for the position, re-iterate your interest in a second interview. You probably should enclose another copy of your resume to be sure.

## *Vault Online Career Library*

**Vault Online Career** Library is the world's leading source of career information; it has been part of LAU's resources for the past few years. It will make your efforts at researching employers, industries, and career subjects infinitely easier and more efficient. This new online resource contains:
